

Instructions For:

LED Clip-On Light

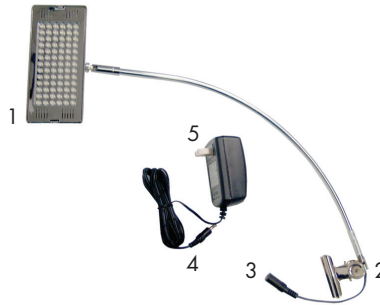

Product Specifications

Clip holds light fixture firmly on vertical poles.
Best suited for Retractors and "L" Displays.

Product Parts

- 1 - LED Light Head
- 2 - Clip
- 3 - Power Cord Connection - Female
- 4 - Power Cord Connection - Male
- 5 - AC PLUG

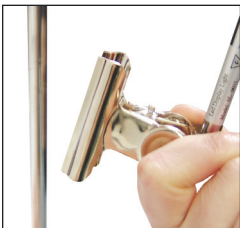

Step 1

Take all parts out of the box.
In Advance, set up the stand to which you will be attaching the LED Clip-On Light.

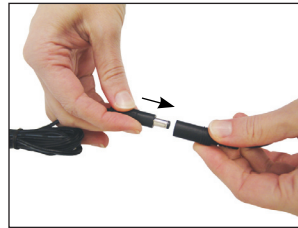

Step 2

Pinch the handles on the Clip (2) to open the Clip (2). Place opened Clip (2) around the vertical pole on the back of your banner stand somewhere within the top 5-10 inches.

Step 3

Connect the Power Cord Connection - Female (3) to the Power Cord Connection - Male (4), and plug the AC Plug (5) into a wall outlet or extension cord.

Step 4

Adjust the direction of the LED Light Head (1) to best illuminate your Graphic.
